T: +65 6531 2769 E: ton.vandenbosch@drewnapier.com

ABOUT TON

Ton is a dual qualified (English and Dutch) corporate, restructuring and project development lawyer with a strong reputation (recognised with rankings in The Legal 500 every year since 2020) in the upstream, renewables, FPSO, agri, infrastructure, logistics, ports and terminals sectors in frontier and emerging markets in Africa, the Middle East and in Asia.

After more than eight years in private practice with a global law firm (in New York, Singapore, Amsterdam and Jakarta), Ton moved in-house to become the General Counsel of a privately owned FPSO owner and oil & gas contractor. In the summer of 2013, Ton assumed the role of GC of a listed global terminal operator with headquarters in the Philippines. Returning to private practice in 2017, Ton served as managing partner of an international firm's Singapore office and later as partner at a global firm before joining Drew & Napier.

EXPERIENCE

Energy

Ton's experience in the oil, gas and renewables includes advising:

- An upstream company on the FPSO aspects of the USD 4.2 billion Sangomar field development offshore Senegal
- An Asian renewables company on the greenfield jetty port developed in connection with an onshore wind project in the Philippines
- An upstream company on a project to replace the FPSO operating on a deepwater field offshore Malaysia
- An FPSO operator on the deployment and conversion of the FPSO "Aoka Mizu" for the Nexen operated Ettrick field in the North Sea

- A European contractor on an offshore wind project off the coast of Changhua in Taiwan
- An upstream company on the deployment of an FPSO offshore peninsular Malaysia
- An FPSO operator on the deployment and USD 180m project financing of the FPSO "Glas Dowr" for Eni's Kitan project in the Joint Petroleum Development Area (JPDA) offshore between Australia and Timor-Leste

Ports & terminals

Ton's experience in the ports, terminals and logistics sector includes advising:

- A global port operator on a tender to take over and develop four container terminals in Indonesia
- A global port operator on a brownfield port development project and project finance in Australia
- A European developer on greenfield cold chain logistics project in Malaysia
- A global port operator on the takeover of four terminals in the Middle East
- A European operator on the USD 2.6 billion joint venture and brownfield development of the Kuala Tanjung port and industrial estate in the North of Sumatra in Indonesia
- A global terminal operator on the development of the first dry port in the Philippines

Corporate

Ton's experience with corporate, joint ventures and M&A includes advising:

- European investors on aspects of the euro 105m acquisition of Rotterdam Short Sea Terminals, Europe's largest hub for short sea shipping

- An Asian renewables company on a JV for greenfield solar projects in Java and Kalimantan
- A terminal operator on the divestment of an inland terminal in East Africa
- A global port operator on the divestment from a container terminal in Tamil Nadu in India
- European investors on the acquisition of an inland shipping line, with operations in Switzerland, France, Belgium, Germany and the Netherlands
