Benchmark Litigation

Commercial & Transactions 2025 – Litigation Star; previously Future Star

"We value highly the fact that See Chern Yang takes a very commercial based resolution approach versus going legal as the first step. By being commercially minded in his approach to solving problems, he is in fact helping us to avoid and save on potentially costly litigation."

His extremely sharp and analytical forward-looking mindset gives him the ability to break down concepts into easy bits for his clients. His pleasant disposition makes him a pleasure to work with. His business acumen and perspective of things is amazing as he is consistently able to find avenues to tackle the issues at hand.

He is also an excellent mediator who is patient and persistent. Best of all, his knack for managing expectations and ability to provide meaningful outcomes for clients is where he shines."
